Samar Salem Alqahtani

Software Engineer

Riyadh, Saudi Arabia | +966 50 1980686 | Samarsalemqq@gmail.com | linkedin.com/in/samar-alqahtani-8814241a7 | github.com/samarsalemqq | samar-portfolio-mu.vercel.app

PROFILE

Software Engineer and Apple Developer Academy alumna specializing in mobile development. Builds cross-platform apps with React Native and TypeScript and native iOS apps with Swift and SwiftUI, with multiple apps shipped to the App Store. Works across the full development cycle, from app architecture and REST API integration to testing and release through TestFlight and App Store Connect.

EXPERIENCE

Mobile Application Developer - King Salman Global Academy for Arabic Language | Jun 2026 – Present

- Build and maintain mobile apps with React Native, Expo, and TypeScript.
- Test apps and fix bugs to keep releases stable.
- Ship builds through TestFlight and the App Store.
- Collaborate with designers, developers, and the backend team on features.

Mobile Application Developer Trainee (Tamheer) - King Salman Global Academy for Arabic Language | Nov 2025 – May 2026

- Developed and maintained cross-platform mobile applications using React Native and TypeScript.
- Translated Figma designs into responsive, reusable, and user-focused interfaces.
- Analyzed user needs and feedback to improve usability, user flows, and overall application experience.
- Integrated REST APIs and Firebase to support application features and data management.
- Designed and built the Riyadh Dictionary app, from UI redesign in Figma to App Store release (see Projects).

IT Intern - Saudi Electricity Company | Mar 2025 - May 2025

- Completed an 8-week rotational internship across four IT teams: networks, cybersecurity, data center, and web.
- Learned how network issues are tracked through support tickets and how delays are monitored.
- Gained exposure to cybersecurity practices for protecting systems and detecting intrusions.
- Observed data center operations, including server organization and cooling.

PROJECTS

Riyadh Dictionary - Cross-platform Arabic dictionary application | Live on App Store

- Redesigned the app's interface in Figma, then built it end to end with React Native, Expo, and TypeScript.
- Developed word search with a results flow for multi-meaning words: a meanings list, then a word detail screen.
- Built a camera feature that recognizes objects and returns their names from the dictionary.
- Integrated REST APIs for dictionary data and pronunciation within a modular architecture.
- *Technologies: React Native, TypeScript, REST APIs, Figma.*

Suhail - Emergency Trip Safety Application | Live on App Store

- Developed the iOS application using SwiftUI.
- Built reusable UI components and page templates.
- Implemented Arabic & English localization.
- *Technologies: SwiftUI, SwiftData, Figma.*

Graduation Project - StepAware Smart Bracelet

- Developed an IoT-based smart bracelet to improve user safety and navigation.
- Implemented obstacle detection with ultrasonic sensors and two-level audio alerts based on distance.
- Integrated GPS location sharing through the Telegram Bot API for emergency assistance.
- *Technologies: Arduino MKR WiFi 1010, GPS Module, Ultrasonic Sensor, Telegram Bot API.*

EDUCATION

Bachelor's Degree in Information Technology | Imam Mohammad Ibn Saud Islamic University, Riyadh | Jun 2025
iOS Developer Program (9 Months) | Apple Developer Academy, Riyadh | Jun 2026

TECHNICAL SKILLS

- **Programming Languages:** TypeScript, JavaScript, Swift, Python, Java, C++
- **Mobile Development:** React Native, Expo, SwiftUI, SwiftData, Xcode
- **Backend & Databases:** REST APIs, Firebase (Authentication, Firestore, Realtime Database), SQL
- **Architecture & Practices:** MVVM, MVP, Modular Architecture, OOP, Agile, Testing & Debugging
- **Developer Tools:** Git, GitHub, Jira, Postman, VS Code, App Store Connect, TestFlight, Figma
- **Cloud:** AWS Lambda, S3, DynamoDB, IAM

CERTIFICATIONS & COURSES

- Front-end Development Program – Misk Skills & MCIT | Jun 2025
- UX/UI Design – Tuwaiq Academy | Mar 2025
- Power BI – Satr | Sep 2025
- Artificial Intelligence – KAUST Academy | Jan 2024

VOLUNTEERING & ACHIEVEMENTS

- Student Council, IMAMU – Design Specialist | Mar 2024 – Jun 2024
- TechNation Club, IMAMU – Designer | Sep 2024 – Nov 2024
- NASA Space Apps Challenge – Participant | Oct 2023

LANGUAGES

- Arabic: Native
- English: Upper-Intermediate (B2)
