Profile

Software Engineer with hands-on experience in developing cross-platform and iOS mobile applications using React Native and Swift. Experienced in integrating REST APIs, Firebase, and delivering production-ready applications, including projects published on the Apple App Store and distributed through TestFlight. Passionate about building scalable, user-focused software solutions.

EDUCATION

Bachelor's Degree in Information Technology |Imam Mohammad Ibn Saud Islamic University, Riyadh |Jun 2025
iOS Developer Program (9 Months) | Apple Developer Academy, Riyadh | Jun 2026
UX/UI Design Bootcamp | Tuwaiq Academy, Riyadh | Mar 2025

Projects

Suhail – Emergency Trip Safety Application

- Developed the iOS application using SwiftUI.
- Built reusable UI components and page templates.
- Implemented Arabic & English localization.
- Contributed to the application flow and UI implementation.
- Published on the Apple App Store.
- Technologies: SwiftUI, SwiftData, Figma*

Riyadh Dictionary – Cross-platform Arabic dictionary application.

- Redesigned the application UI and implemented the interfaces from Figma.
- Developed the mobile application using React Native.
- Integrated REST APIs for dictionary data and pronunciation.
- Built a modular architecture for scalable feature development.
- Released beta versions through Apple TestFlight.
- Technologies: React Native, TypeScript, REST APIs, Figma*

Graduation Project – StepAware Smart Bracelet

- Developed an IoT-based smart bracelet to improve user safety and navigation.
- Implemented obstacle detection using ultrasonic sensors and audio alerts.
- Integrated GPS location sharing through the Telegram Bot API for emergency assistance.
- Technologies: Arduino MKR WiFi 1010, GPS Module, Ultrasonic Sensor, Telegram Bot API*

EXPERIENCE

King Salman Global Academy for Arabic Language – Mobile Application Developer |Nov2025 – May 2026

- Developed and maintained cross-platform mobile applications using React Native.
- Integrating REST APIs and Firebase.
- Designed application interfaces and user flows using Figma.
- Translated Figma designs into responsive React Native interfaces.

Saudi Electricity Company – IT Intern | Mar 2025 – May 2025

- Supported IT department in developing and improving internal systems.
- Conducted software testing and maintenance to ensure reliability.
- Assisted technical support team in solving daily user issues.
- Documented IT processes and procedures for knowledge transfer.

Technical Skills

- Programming Languages: Swift, TypeScript, JavaScript, Python, Java, C++, SQL
- Frameworks & Technologies: React Native, SwiftUI, Expo, Firebase, REST APIs
- Developer Tools: Git, GitHub, Postman, Xcode, VS Code
- Databases: Firebase Firestore, Realtime Database, SQL
- Design Tools: Figma, UX/UI Design
